

THE STATE OF TEXAS §

THE COUNTY OF TRAVIS §

**ADVANCE FUNDING AGREEMENT FOR VOLUNTARY
LOCAL GOVERNMENT CONTRIBUTIONS
TO TRANSPORTATION IMPROVEMENT
PROJECTS WITH NO REQUIRED MATCH**

THIS AGREEMENT IS MADE BY AND BETWEEN the State of Texas, acting by and through the Texas Department of Transportation, hereinafter called the "State", and the City of Austin, acting by and through its duly authorized officials, hereinafter called the "Local Government."

WITNESSETH

WHEREAS, Transportation Code, Chapters 201, 221, 227, and 361, authorize the State to lay out, construct, maintain, and operate a system of streets, roads, and highways that comprise the State Highway System; and,

WHEREAS, Government Code, Chapter 791, and Transportation Code, §201.209 and Chapter 221, authorize the State to contract with municipalities and political subdivisions; and,

WHEREAS, Commission Minute Order Number 109862 authorizes the State to undertake and complete a highway improvement generally described as adding a center turn lane and shoulders; and,

WHEREAS, the Local Government has requested that the State allow the Local Government to participate in said improvement by funding that portion of the improvement described as relocation of water lines on FM 2304 from Ravencroft to FM 1626, hereinafter called the "Project"; and,

WHEREAS, the State has determined that such participation is in the best interest of the citizens of the State;

NOW, THEREFORE, in consideration of the premises and of the mutual covenants and agreements of the parties hereto, to be by them respectively kept and performed as hereinafter set forth, the State and the Local Government do agree as follows:

AGREEMENT

Article 1. Time Period Covered

This agreement becomes effective when signed by the last party whose signing makes the agreement fully executed, and the State and the Local Government will consider it to be in full force and effect until the Project described herein has been completed and accepted by all parties or unless terminated, as hereinafter provided.

Article 2. Project Funding and Work Responsibilities

The State will authorize the performance of only those Project items of work which the Local Government has requested and has agreed to pay for as described in Attachment A, Payment Provision and Work Responsibilities which is attached to and made a part of this contract.

In addition to identifying those items of work paid for by payments to the State, Attachment A, Payment Provision and Work Responsibilities, also specifies those Project items of work that are the responsibility of the Local Government and will be carried out and completed by the Local Government, at no cost to the State.

At least sixty (60) days prior to the date set for receipt of the construction bids, the Local Government shall remit its remaining financial share for the State's estimated construction oversight and construction costs.

In the event that the State determines that additional funding by the Local Government is required at any time during the Project, the State will notify the Local Government in writing. The Local Government shall make payment to the State within thirty (30) days from receipt of the State's written notification.

Whenever funds are paid by the Local Government to the State under this Agreement, the Local Government shall remit a check or warrant made payable to the "Texas Department of Transportation Trust Fund." The check or warrant shall be deposited by the State in an escrow account to be managed by the State. Funds in the escrow account may only be applied by the State to the Project. If, after final Project accounting, excess funds remain in the escrow account, those funds may be applied by the State to the Local Government's contractual obligations to the State under another advance funding agreement.

Article 3. Right of Access

If the Local Government is the owner of any part of the Project site, the Local Government shall permit the State or its authorized representative access to the site to perform any activities required to execute the work.

Article 4. Adjustments Outside the Project Site

The Local Government will provide for all necessary right-of-way and utility adjustments needed for performance of the work on sites not owned or to be acquired by the State.

Article 5. Responsibilities of the Parties

The State and the Local Government agree that neither party is an agent, servant, or employee of the other party and each party agrees it is responsible for its individual acts and deeds as well as the acts and deeds of its contractors, employees, representatives, and agents.

Article 6. Document and Information Exchange

The Local Government agrees to electronically deliver to the State all general notes, specifications, contract provision requirements and related documentation in a Microsoft® Word or similar document. If requested by the State, the Local Government will use the State's document template. If requested by the State, the Local Government shall deliver to the State electronic versions of mapping files, design survey files, plan sheet files, design files and design-cross section files in Microstation /V8@(.dgn) format. The Local Government shall also provide a detailed construction time estimate including types of activities and month in the format required by the State. This requirement applies whether the local government creates the documents with its own forces or by hiring a consultant or professional provider. At the request of the State, the Local Government shall submit any information required by the State in the format directed by the State.

Article 7. Interest

The State will not pay interest on funds provided by the Local Government. Funds provided by the Local Government will be deposited into, and retained in, the State Treasury.

Article 8. Inspection and Conduct of Work

Unless otherwise specifically stated in Attachment A, Project Budget and Description, to this contract, the State will supervise and inspect all work performed hereunder and provide such engineering inspection and testing services as may be required to ensure that the Project is accomplished in accordance with the approved plans and specifications. All correspondence and instructions to the contractor performing the work will be the sole responsibility of the State. Unless otherwise specifically stated in Attachment A to this contract, all work will be performed in accordance with the *Standard Specifications for Construction and Maintenance of Highways, Streets, and Bridges* adopted by the State and incorporated herein by reference, or special specifications approved by the State.

Article 9. Increased Costs

In the event it is determined that the funding provided by the Local Government will be insufficient to cover the State's cost for performance of the Local Government's requested work, the Local Government will pay to the State the additional funds necessary to cover the anticipated additional cost. The State shall send the Local Government a written notification stating the amount of additional funding needed and stating the reasons for the needed additional funds. The Local Government shall pay the funds to the State within 30 days of the written notification, unless otherwise agreed to by all parties to this agreement. If the Local Government cannot pay the additional funds, this contract shall be mutually terminated in accord with Article 11 - Termination. If this is a fixed price agreement as specified in Attachment A, Project Budget and Description, this provision shall only apply in the event changed site conditions are discovered or as mutually agreed upon by the State and the Local Government.

If any existing or future local ordinances, commissioners court orders, rules, policies, or other directives, including but not limited to outdoor advertising billboards and storm water drainage facility requirements, are more restrictive than State or Federal Regulations, or if any other locally proposed changes, including but not limited to plats or replats, result in increased costs, then any increased costs associated with the ordinances or changes will be paid by the local government. The cost of providing right of way acquired by the State shall mean the total expenses in acquiring the property interests either through negotiations or eminent domain proceedings, including but not limited to expenses related to relocation, removal, and adjustment of eligible utilities.

Article 10. Maintenance

The Local Government will be responsible for the completed Project unless otherwise specified in Attachment A to this agreement.

Article 11. Termination

This agreement may be terminated in the following manner:

- ♦ by mutual written agreement and consent of both parties;
- ♦ by either party upon the failure of the other party to fulfill the obligations set forth herein;
- ♦ by the State if it determines that the performance of the Project is not in the best interest of the State.

If the agreement is terminated in accordance with the above provisions, the Local Government will be responsible for the payment of Project costs incurred by the State on behalf of the Local Government up to the time of termination.

- ♦ Upon completion of the Project, the State will perform an audit of the Project costs. Any funds due to the Local Government, the State, or the Federal Government will be promptly paid by the owing party.

Article 12. Notices

All notices to either party by the other required under this agreement shall be delivered personally or sent by certified or U.S. mail, postage prepaid or sent by electronic mail, (electronic notice being permitted to the extent permitted by law but only after a separate written consent of the parties), addressed to such party at the following addresses:

Local Government:	State:
Director, AUSTIN WATER UTILITY City of Austin P.O. Box 1088 Austin, Texas 78768-1088	Austin District Engineer P.O. Box 15426 Austin, Texas 78761-15426

All notices shall be deemed given on the date so delivered or so deposited in the mail, unless otherwise provided herein. Either party may change the above address by sending written notice of the change to the other party. Either party may request in writing that such notices shall be delivered personally or by certified U.S. mail and such request shall be honored and carried out by the other party.

Article 13. Sole Agreement

In the event the terms of the agreement are in conflict with the provisions of any other existing agreements between the Local Government and the State, the latest agreement shall take precedence over the other agreements in matters related to the Project.

Article 14. Successors and Assigns

The State and the Local Government each binds itself, its successors, executors, assigns, and administrators to the other party to this agreement and to the successors, executors, assigns, and administrators of such other party in respect to all covenants of this agreement.

Article 15. Amendments

By mutual written consent of the parties, this contract may be amended prior to its expiration.

Article 16. State Auditor

The state auditor may conduct an audit or investigation of any entity receiving funds from the state directly under the contract or indirectly through a subcontract under the contract. Acceptance of funds directly under the contract or indirectly through a subcontract under this contract acts as acceptance of the authority of the state auditor, under the direction of the legislative audit committee, to conduct an audit or investigation in connection with those funds. An entity that is the subject of an audit or investigation must provide the state auditor with access to any information the state auditor considers relevant to the investigation or audit.

Article 17. Insurance

If this agreement authorizes the Local Government or its contractor to perform any work on State right of way, before beginning work the entity performing the work shall provide the State with a fully executed copy of the State's Form 1560 Certificate of Insurance verifying the existence of coverage in the amounts and types specified on the Certificate of Insurance for all persons and entities working on State right of way. This coverage shall be maintained until all work on the State right of way is complete. If coverage is not maintained, all work on State right of way shall cease immediately, and the State may recover damages and all costs of completing the work.

Article 18. Debarment

The Local Government shall not contract with any person that: is suspended, debarred, proposed for

debarment, declared ineligible, or voluntarily excluded from covered transactions by any federal agency or that is debarred or suspended by the State.

Article 19. Signatory Warranty

The signatories to this agreement warrant that each has the authority to enter into this agreement on behalf of the party they represent.

IN WITNESS WHEREOF, THE STATE AND THE LOCAL GOVERNMENT have executed duplicate counterparts to effectuate this agreement.

THE STATE OF TEXAS

Executed for the Executive Director and approved for the Texas Transportation Commission for the purpose and effect of activating and/or carrying out the orders, established policies or work programs heretofore approved and authorized by the Texas Transportation Commission.

ATTACHMENT A

Payment Provision and Work Responsibilities

The Local Government will pay for the cost of the construction to relocate the designated water lines on FM 2304 from Ravenscroft to FM 1626 within the State's right of way. The Local Government's participation is 100% of the cost of this particular improvement. The Local Government's estimated cost of this additional work is \$1,730,400, including construction items, and construction engineering and inspection, and Direct costs. The State has estimated the project to be as follows:

Description	Total Estimate Cost	Local Participation	
		%	Cost
Construction of Water Improvements, inspection and oversight.	\$1,680,000.	100%	\$1,680,000
Subtotal	\$1,680,000		\$1,680,000
Direct State Costs (including review) (3%)	\$50,400	100%	\$50,400
TOTAL	\$1,730,400		\$1,730,400

Direct State Cost will be based on actual charges.

Local Government's Participation (100%) = \$1,730,400.00

It is further understood that the State will include only those items for the improvements as requested and required by the Local Government. This is an estimate only, final participation amounts will be based on actual charges to the project.

Work Responsibilities

The water lines shall be owned, operated, and maintained by the Local Government prior to and after completion and final acceptance by the State and the Local Government. The parties agree that the re-location of the water lines shall be funded by the Local Government and constructed by the State. The costs of remediation of any contamination attributable to the Local Government's re-location of the water lines during construction shall be the responsibility of the Local Government.

Local Government Responsibilities

The Local Government shall perform the following:

- A. Hire the services of a Texas Registered Professional Engineer to prepare drawings and technical specifications for the construction of the water line improvements and to provide construction engineering services.
- B. Provide for right of way or easements for any work to be performed off State right of way. The Local Government is responsible for the identification and assessment of any environmental problems associated with the development of all local projects governed by this agreement. The Local Government is responsible for the preparation of the appropriate National Environmental Protection Agency (NEPA) documents required for the environmental clearance of the water lines. Preparation and coordination of the environmental documentation shall be through the TxDOT Austin District Environmental Coordinator at (512) 832-7168. The Local Government shall provide the State with written documentation from appropriate regulatory agency(ies) that identified environmental clearance have been obtained, prior to the State advertising for bids. The Local Government is responsible for the cost of any environmental problem's mitigation and remediation.
- C. Obtain Texas Commission on Environmental Quality (TECQ) approvals for construction of water lines. Inspect, test and report test results on the water line to TCEQ in accordance with State requirements.
- D. Arrange and coordinate with the contractor, materials and equipment testing, reject all work not conforming to minimum requirements of the construction contract documents and advise the Engineer and the State, of work that the Local Government determines should be corrected or rejected.
- E. Arrange and observe with the contractor all acceptance testing (including without limitation, pressure testing, pump start up, bacteriological testing, etc) and notify the State and the Engineer of their completion.
- F. Notify the State and the Engineer of defects and deficiencies in the work and observe actions of the contractor to correct such defects and deficiencies.
- G. Maintain the Local Government's daily construction inspection reports, a quantity list and additional or revised drawings for the water line improvements.
- H. Prepare certificate of substantial completion of the water line improvements for the Project Engineer's concurrence and submit to the contractor a list of observed items requiring completion or correction.
- I. Coordinate the water line improvements with the State's Engineer.

States Responsibilities:

- A. Include the water line improvements within the State's construction project, designated as CSJ 2689-01-022.
- B. Review and approve the final construction plans prior to any construction-related activities.
- C. Advertise for construction bids, issue bid proposals, receive and tabulate the bids and award and administer the contract for construction of the project.
- D. Obtain all required state and federal permits, consents, TECQ Water Pollution and Abatement Plan approvals, inspections, tests and authorizations necessary for construction completion except for those required by the Local Government.
- E. Include in the construction contract general conditions of contract including, without limitations, those regarding warranties, insurance, and bonding requirements.
- F. The State shall also secure from the contractor selected a certificate of insurance evidencing that the Local Government has been designated as an additional insured with respect to all liability coverages in accordance with the usual stipulations of the State's standard general conditions.
- G. Assign to the Local Government all guarantees, maintenance bonds, or like assurances or performance applicable to the Project, after final acceptance of the Project by the State and the Local Government.
- H. Administer all change orders required for the Project. All change orders increasing the construction contract cost of the Local Government's Project shall be submitted to the Local Government for review and approval together with an evaluation. The Local Government agrees to review and either approve or disapprove all change orders within five (5) business days after receipt of such order unless City Council approval is necessary, in which case the Local Government shall bring the item to the City Council as soon as reasonably possible.
- I. Provide overall project management to supervise the day-to-day activities of the construction and monitor the activities of the contractor to promote the timely and efficient completion of the Project in accordance with the approved Plans and Specifications and construction schedule.
- J. Conduct field observations and coordinate with Local Government inspectors and the contractor to cure defects and deficiencies in the construction prior to final acceptance.
- K. Make timely payment to contractor for work performed in connection with the Project.
- L. Ensure access and permit the Local Government's inspectors and other authorized representatives to inspect the construction at all times during the construction.

- M. Conduct and coordinate final inspection of the Project in the presence of the Local Government's Engineer and Inspector, transmit final list of items to be completed or repaired and observe contractor correction of same.
- N. Maintain the job file.

Ownership of Water lines

From, and after the time of final completion and acceptance by the Local Government, the Local Government shall own, operate and maintain the water lines. The State agrees to execute and deliver to the Local Government such bills of sale, assignments of transfer requested by the Local Government, if deemed appropriate by the State. The Local Government agrees that its final acceptance of the Project shall not be unreasonably delayed or denied.
